

# LEAK FREE

## COMPRESSED AIR PIPING

## Seamless aluminum alloy pipe for compressed air piping system

Easy & Quick Installation, No welding

- High quality and smooth inner surface guarantees smooth laminar flow of compressed air.
- High performance O sealing ring to ensure excellent seal with no leakage.
- Additional branch pipelines can be added swiftly at any time, which can adapt to adjustments in the production line.
- Light, easy to cut pipes, easy to operate on site.

## Technical Data

- Working Temperature : -20°C to +70°C
- Maximum Working Pressure : 13 bar
- Vacuum: 0.13 bar (ab)
- Compatible with any compressor oil
- Fireproof
- Suitable for open air installation

## Standards Compliance

- Seamless Aluminum Alloy Pipe
- All in BSP thread
- GB / T4437.1 - 2000 Standards
